

## Admin Email Address Change Request

(if you have a .CA domain name, please use the [.CA adminchange process](#))

**Fax:** 416.531.2516

**Attention:** OpenSRS Admin Email Change

I am requesting to change the Administrative Contact Address for a domain name. I am either the listed owner of this domain name, or I am a signing officer with the Organization listed on the domain name. I have verified the domain's ownership information using [WHOIS](#) prior to submitting this request, and am including the required documentation listed at the bottom of this form. I understand this may take 2 business days to process.

**Domain Name:**

**Company Name (if applicable):**

**Name of Requestor:**

**NEW Administrative Contact Email Address:**

**Signature of Requestor:** \_\_\_\_\_

Date:

---

### Required Documentation:

If this is a domain name registered to an **individual** you will need to include a clear copy of a *government-issued photo ID* such as a driver's license or passport

If this is a domain name registered to a **organization** you will need to include:

1. This request printed on company letterhead (alternatively you can make a written request on letterhead and included the same information on this page)
2. Business Registration or Incorporation documents issued by your government
3. A clear copy of a *government-issued photo ID* (driver's license/passport) connecting the Organization to the Requestor listed in the registration documents

### A note about Photo IDs and Fax Machines

Faxes send images as black and white without shades of gray. As a result, a photo ID sent by Fax can easily come out as a big black rectangle on the other end. To ensure that your request is not rejected because the photo ID was illegible, try and take the following steps:

1. Lighten the photocopy so that the text of the ID is the darkest part of the image
2. Enlarge the ID by at least 200%, or the entire page if possible

These steps are not mandatory, but lowers the risk of the request being rejected because of an illegible photo ID.

As an alternative, you can send a scanned copy of this request (including this form with a signature and Photo ID) to [admin\\_support@opensrs.org](mailto:admin_support@opensrs.org)
